EXAMINER'S AMENDMENT/COMMENT

Allowable Subject Matter

Claims 1, 3, 4, 6 - 8 and 10 – 15 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's 10/13/2011 arguments, see pages 10 – 12, are persuasive. The prior art neither teaches nor suggests all the features recited in independent claims 1, 4, 8 and 11. When considering the limitations as recited in their entirety of said claims, the prior art neither teaches nor suggests all of said limitations including: emails transmitted from a sender to a receiver, where a Message Transfer Agent (MTA) divides an original e-mail into a plurality of chunks at the character level, the chunks being preceded by a chunk number and chunk count, and forwarding each chunk to a different one of a plurality of relay MTAs, selected from a predetermined list of relay MTAs such that each chunk is transmitted over a different, randomly selected network path; and a chunk assembly agent, receiving chunks from the relay MTAs at its corresponding first mailbox and reassembling the chunks utilizing the chunk number and chunk count before then sending the email to a second mailbox corresponding to the message receiver.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
